TECHNICAL PROPOSAL (Volume 1a)

Offerors shall provide a technical quote that includes the following three general areas:

- A. Management Approach and Technical Capabilities,
- B. Personnel Qualifications, and
- C. Organizational Experience

- (1) Discussion of the background, objectives, and work requirements of the statement of work as analyzed by the offeror,
- (2) Discussion of proposed methods and techniques for completing each task,
- (3) Discussion which supports how each task will be evaluated for full performance and acceptability of work from the offeror's viewpoint,

(4) Discussion of any anticipated major difficulties and problem areas, along with potential recommended approaches for their resolution, and

(5) Discussion on major logistical considerations.

The Offeror must define their management and technical approach that satisfies the requirements defined in this document. Please include a (1) staffing plan and (2) resumes for key personnel and (3) a description of your current personnel resources for this, which addresses their capabilities and experience relating to the attached Statement of Work. At a minimum, this section of the quote must include:

- Organizational Structure (Org chart and resource headcount required to support the requirement)
- Identification of roles and specify responsibilities for each role
- Definition of the primary skill set required for each role
- Description of resource planning processes and procedures to support the changing needs of the environment
- Description and definition of management methods and processes for all types of support activities
- Description of resource training, skills development and certification approach
- Description of management and status reporting approaches
- Resumes and letters of commitment are required for all proposed staff. Resumes should be limited to three pages and must include the proposed labor category for the individual.

PAST PERFORMANCE (Volume 1b)

- The Offeror shall identify three (3) contracts/task orders with the Federal Government and/or commercial customers that demonstrate recent and relevant past performance. Recent is defined as within the last three years. Relevant is defined as work similar in complexity and magnitude of the work described in this Statement of Work.

Include the following information:

- Project title
- Description of the project
- Contract number
- Contract amount
- Government Agency/Organization
- COTR's name, address, and phone number
- Contracting Officer's name, address, and phone number
- Contract and, if applicable, task order number
- Current status, e.g., completed and/or if in progress, start and estimated completion dates
- Dollar value and type of contract
- Name of company being referenced
- SOW paragraphs that the reference applies to
- Key personnel (please highlight those individuals who worked on the relevant project(s) and are also being proposed for this effort.)
- A brief narrative of why you deem the reference to be relevant to this effort

The Government may also consider information obtained through other sources. Past performance information will be utilized to determine the quality of the contractor's past performance as it relates to the probability of success of the required effort.

PRICING PROPOSAL (Volume 2)

Your cost quote shall be a **separate volume** from your technical quote. The cost quote is to be submitted as a **Cost Plus Fixed Fee** proposal.

Offerors must demonstrate that they have an accounting system that is adequate for determining costs at the time of time the task order is award. This is an accounting system that the Defense Contract Audit Agency (DCAA), the Defense Contract Management Agency (DCMA), or any federal civilian audit agency of an accounting system has audited and determined adequate for determining costs applicable to this contract in accordance with FAR 16.301-3(a)(1).

Your cost proposal will include use of the your most recent Defense Contract Audit Agency (DCAA)-approved provisional indirect billing and actual rates for both direct and indirect costs, or if a your firm does not have DCAA-approved rates, indirect rates shall be derived in accordance with FAR Part 31.

Price proposals shall include the following:

- 1) A cost buildup by proposed labor category:

Unburdened Rate + Fringe Rate + Overhead Rate + G&A Rate = Burdened Rate + Fee = **Fully Burdened Rate**

- 2) An estimated price for each task (per year of effort), tasks organized into the proposed organization structure.

- 3) All other costs and the reductions or rebates offered.

ESTIMATED LEVEL OF EFFORT (optional, include if desired): The following is a level of effort estimate. This is only an estimate. Offerors are advised to carefully review the requirement in deriving the level of effort they believe necessary in providing their best value proposal. You are not bound to quote these labor categories or quantities, rather you are expected to provide your best solution citing the labor mix and quantity required to accomplish the tasks.

EVALUATION

Quotes will be reviewed and evaluated in accordance with the evaluation criteria identified below:

The first three technical factors: A. Management Approach and Technical Capabilities, B. Personnel Qualifications, and C. Organizational Experience are in descending order of importance / of equal importance and when combined are more important than Past Performance. Past Performance is as important as Price. Sub-factors listed under each factor are of equal importance to each other.

TECHNICAL PROPOSAL (Volume 1a)

A. Management Approach and Technical Capabilities

1. Understanding of the work, including creativity and thoroughness shown in understanding the objectives of the SOW and specific tasks, and planned execution of the project.
2. Evidence of specific methods and techniques for completing each discrete task, to include such items as quality assurance, and customer-service as detailed in the Quality Assurance Plan.
3. Ability to address anticipated potential problem areas, and creativity and feasibility of solutions to problems and future integration of new processes and technology enhancements.
4. Degree to which the offerors quote demonstrates an understanding of logistics, schedule, and any other miscellaneous issues in which the Government should be aware.
5. Quality and effectiveness of the allocation of personnel and resources.

B. Personnel Qualifications

1. The currency, quality and depth of experience of individual personnel in working on similar projects. Similar projects must convey similarity in topic, dollar value, workload, duration, and complexity.
2. Quality and depth of education and experience on other projects which may not be similar enough to include in response to B.1. (Immediately above) but may be relevant.

3. The currency, quality and depth of how the Project Director will supervise and coordinate the workforce.

C. Organizational Experience

1. Evidence that the organization has current capabilities; and for assuring performance of this requirement. Evidence of supporting subcontractors, consultants and business partners will be considered.
2. Appropriate mix and balance of education and training of team members.

PAST PERFORMANCE (Volume 1b)

D. Past Performance

1. The organizations history of successful completion of projects; history of producing high-quality reports and other deliverables; history of staying on schedule and within budget.
2. The quality of cooperation (with each other) of key individuals within your organization, and quality of cooperation and performance between your organization and its clients.
3. The organization's specific past performance on prior similar efforts specified within this SOW.

PRICE PROPOSAL (Volume 2)

E. Price/Cost

Technical Factors are more important than cost or price. Selection of the firm to perform this task order will be based on the Government's assessment of the best overall value.

PERIOD OF PERFORMANCE: The resulting award will have a Base Period beginning at the time of award and ending twelve (12) Months after award. The award will also include four (4) option periods of 12 months each, which may be unilaterally exercised by the Government.

CONTRACT AWARD

Contract award shall be made to the responsible Offeror whose offer, in conforming to this RFP, provides an overall best value to the Government, technical evaluation factors, and cost considered. The Government's objective is to obtain the highest technical quality considered necessary to achieve the project objectives, with a realistic and reasonable cost. Technical evaluation factors are more important than cost. In the event quotes are evaluated as technically equal in quality, price or cost will become a major consideration in selecting the successful Offeror.

AVAILABILITY OF FUNDS

Option periods are subject to availability of funds.

Sincerely,
